# About Thai Chi

So much more than a menu, our mouthwatering selection of authentic Thai & Chinese cuisine is a true culinary journey. Carefully crafted and beautifully presented by expert Chef de Cuisine Lee and his team, the multi-award winning cuisine finds the perfect harmony and balance between the five flavors of sweet, spicy, sour, salty, and creamy, by using the freshest, finest-quality ingredients.

Thai Chi evokes the mystery and intrigue of Thailand like never before. An elegant and intimate space, it serves traditional Thai cuisine with an emphasis on Bangkok-style, and prepared in an open kitchen. This is the ideal choice for those who want a delicious, yet authentic meal. Humble to the core, using fresh Thai herbs, the food is made with love and passion.

The beauty of Chinese cuisine is the variety of tastes and textures it has to offer. At Thai Chi we specialize in food from across China. Within its range is something to satisfy any palate.

From the tongue-teasing spices of Sichuan province in the south, to the painstakingly ceremonial festival entrees of Beijing; from the subtle, and seductive combinations of Guangdong province (modern day Canton) to the robustly aggressive gravies of Hunan and the enigmatic and nearly magical spice mixtures of Fukien province.

The dining experience at Thai Chi is more than a meal- it's a shared experience that celebrates bold Asian flavors and design. A treat for your eyes and taste buds alike, Thai Chi is a walk through the best of Asian fare, served in a way that you've never enjoyed it before. Our gastronomic experience marries classic Asian hospitality with much-loved flavors and a chic ambiance — all of which have been created through expertise and innovation, and delivered with love.
